Lewis Castle Grounds Recreation Trails

Map 3. Project Phases
Sections of trail to be constructed in years one, two and three, commencing spring 2010.
See..... Map 1. for Dual-use Trail detail.
Map 2. for Mountainbike Trail detail.

Revision '0' 10.10.08

The construction plan has the Islands' new trailbuilding squad tackling basic core paths on easy terrain first, then moving to Blue Grade mountainbike trails and finally to Red Grade sections on bedrock and steeper slopes. This will ensure that the trailbuilding knowledge and experience needed to produce top quality singletrack is established before starting the tricky enthusiast trails. This approach also means that new riders will be learning their bike handling skills in the right order.

- New Trails :-**
- Proposed Dual-use or Multi-use path.
 - Existing paths shown in Brown
 - Proposed mtb specific singletrack descents. (shown in grading colour)
 - mtb

- Key :-**
- Tarmac Road or Narrow track
 - Forest Road or Surfaced Track (Built to take Logging Traffic)
 - Twin Track (Hill, Forest or Farm track, Drove Road)
 - MU Multi-use Path (surfaces suitable for horses)
 - DU Dual-Use Path (walking and cycling)
 - mtb Singletrack (Mountainbike Specific) (shown in grading colour)
 - - - Walking Path or 'Worn' Trail
